

# IMMERSED

Missional live-in educational experience.

Is a Holistic Bible Worker Training Program.  
Offered at Mission Creek, a supportive Adventist ministry located in South Bend, WA.

## ABOUT MISSION CREEK

Mission Creek provides a haven for learning and reflection in a secluded, peaceful country setting, away of the noise and digital bombardment of the city.

Accommodations include several bedrooms in a dorm setting. The buildings are located near a rippling pristine stream, which enhances the peaceful forest sounds for settling down to a refreshing night's rest.

Then between studying and ministry, and work, there are 40 acres to explore trails, or miles and miles of gravel roads to hike.

**TRAINING FOR INDIVIDUALS:** Our goal is to offer the most comprehensive program for individual learners, within the shortest possible time frame - and still be effective. We call this our **Missional live-in educational experience**. This is a 7 month program.

**COST:** Suggested donation of \$6,000 (monthly payments can be arranged).

**Note: if you as a student can't afford the total cost, please contact us, because we desire that no one is turned away due to finances.**

Please reach out us ASAP for more information, or an application!

**TRAINING FOR CHURCHES:** Your whole church can have an opportunity for a mini version of the training right on location. This program consists of four weekends ( one per quarter). This involves the sermon, one educational session after lunch, then some time for practical implementation.

Contact us today for more details and to discuss the donation amount, then to schedule this transformative experience to help your members become more effective in fulfilling the gospel commission, with joy!

***Equipping followers of Jesus to multiply the Kingdom, one precious soul after another!***

- You see signs indicating there isn't much time left for our planet...
- You want to reach your neighbors & community, but don't know where to start, or what to do next?
- You tried to share truth with others, but haven't had the results you hoped for
- Maybe you would like to do more ministry in the local church, or as a vocational Bible worker?
- Or possibly you just want to experience the joy of helping others follow Jesus!

**IMMERSED  
MAY BE FOR YOU!**

## IMMERSED

Revolves around the concept that the great commission to "go and make disciples..." is -

- 1) A command for every believer to obey.
- 2) Is understood to be a relational process.

This process involves four strategic missional stages outlined as-

**SHOW - SHARE - SERVE - SEND**

### SHOWING GOD'S LOVE

Everything in a disciples life flows from a personal connection with Jesus, the source of life. When we embrace His love and design for living, we long to help others know the One who saved us from the penalty and power of sin!

God's love compels us to intentionally reveal Jesus to others in practical ways. This leads to building authentic relationships with people.  
*The SALT of the earth.*

### SHARING GOD'S TRUTH

When a person knows we care, they usually inquire why we love people the way we do. This is our opportunity to intentionally teach them about the God who loves them so much, He died so that they might live! Then we can share the present truth as it is in Jesus; helping them look forward to the day when He comes again to take them home.

*The LIGHT of the world.*

### SERVING JESUS

Some who embrace the gospel will take that next step of baptism as a faithful disciple, and become new members in a local church. These still need guidance, support, and encouragement to use their gifts in ministry within the family environment of the church.  
*The BODY of Christ.*

*"...live a missional life of making disciples; and we can reach the world - one precious soul after another!"*

### SENT FORTH TO MAKE DISCIPLES

Now that these new members are using their gifts in service, we are then called to train them to live a missional life of making disciples - reaching the whole world, one precious soul after another!

*The SENT church.*

## THE TRAINING

*Learning - Then Applying*

### "IN CLASS" LEARNING

Some learning will take place through personal study, some lectures, group activities, and other class work. We will primarily focus on principles of making disciples, while also giving practical tools to help disciple makers win souls and multiply the Kingdom. Some learning will also take place through observation. Classes will be conducted primarily in the morning.

### HANDS ON MINISTRY

The primary avenue for learning will take place in real world situations. Each student will work towards applying what they learn in class by doing ministry. Partnering with Jesus in working for souls is key. Imagine failing, learning, trying again, and being successful, all in a supportive environment!

These opportunities will take place in the afternoon/evenings during the week, as well as the student making a commitment to participate and conduct outreach three Sabbaths a month with an assigned church.
